

Cheddar

**National Cycle Network Route 3
The West Country Way—Bristol to
Wells. The route continues from
Wells to Glastonbury and onwards
to Cornwall on quiet rural roads
and traffic free paths.**

Proposed extension of the Strawberry Line eastwards from the existing terminus at Cheddar towards Wells. The proposed route has been devised by the local community working with Somerset County Council and closely follows the alignment of the former railway line or existing drove roads and quiet lanes

The short open section of the Strawberry Line west of Wells to Haybridge was opened by Somerset County Council in 2007
